## Success *In the Pine* Sheets

What successes will you commit to in 2023?

Write out commitment statements. Use pictures. Or just use words. You design the commitment that you will make to your business goals and success dreams. No, this is not like a vision board, this is a real life and real business statement of commitment. This success commitment must make sense and be something that you are capable of achieving or something that you are definitely willing to work to achieve.
